A Pre-Visit Story

Pictures of miniature golf holes made from cardboard, foam noodles, and tubes.

I am going to Young Dance's Build Your Own Miniature Golf Gala.

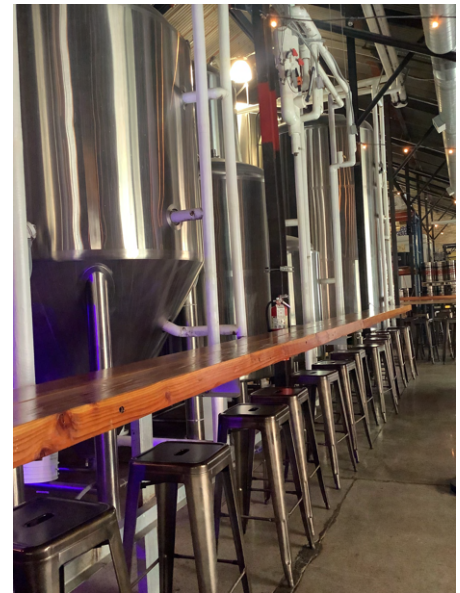

This is where people will build miniature golf holes for playing golf.

Young Dance

The outside of the Lake Monster Brewing Company.

Machines for brewing beer and rootbeer.

The event will be at Lake Monster Brewing Company.

A person covering their ears.

A person surrounded.

It may be noisy because there are lots of people building things and playing.

That is ok. I can cover my ears with noise-canceling headphones or go to a quieter space.

Fidget Toys

A quiet space at the event.

If I need a break,
I will tell the person I came with.

There will be a quiet area in the hall by
the bathroom. I can relax there and use
the tools there to make my body calm.

Tools

Crafting Supplies

I can participate in building or playing golf.

People will have tools like saws and hammers outside. Inside there will be craft supplies.

Tools

Helpers at the event.

If I help build a hole, I can ask for help with any tools I don't know how to use.

Child playing miniature golf with a golf club.

When playing golf, I will be given a golf club to hit the ball into the hole gently.

If I need help, I can ask my parents or a friend.

Young Dance

The event space at Lake Monster Brewing Company.

Food and Drink

I can also get food or drink at the event.

The Bathroom

Bathroom Entrance

If I need a restroom, there are accessible bathrooms in the building.

A calendar showing March 23.

The Miniature Golf Gala is
on Saturday, March 23.

Young Dance

A child having fun.

I am going to the event to
have fun!
